

Ramana Mylavarapu

Global Head, Information Security & Solution Architecture

Ramana Mylavarapu is the Global Head of Information Security & Solution Architecture for Innova Solutions. He has over 38 years of leadership experience architecting and delivering enterprise-scale SaaS products in hybrid, multi-cloud environments.

Before joining Innova solutions, Ramana held pivotal engineering and technology leadership roles in product companies that include Comcast Innovation Center, Marble Security (acquired by Proofpoint), Key Pair Technologies, Veraz Networks (acquired by Dialogic), Intoto (acquired by Freescale), and DoT (Department of Telecommunications <now BSNL>)

He consulted with large enterprise customers in their cloud and digital transformation journey, including LinkedIn, Change Healthcare, Franklin Templeton, Foxconn, Fisher Investments, Move, Compass networks, and AT&T.

Ramana is a recognized industry expert in enterprise architecture and cybersecurity. He has contributed to several patents, standards, and publications in identity, authentication and access control (SSO), security mesh, data encryption and protection, security and risk assessment in enterprise networks, telecom fraud management, and extra-large size switching systems.

In terms of qualifications, he holds a BSEE in Electronics and Telecommunications and MSEE in Digital Systems Engineering.
