

# Managed Services

Enabling Rapid and Secure Digital Transformation

Despite the fact that **88%** of enterprise IT organizations have a cloud-first strategy, **86%** of enterprise infrastructure expenditure is still directed toward on-premises technology. Lack of cloud IT skills, tooling, and processes hamper the execution of digital transformation plans and, consequently, business outcomes.

Innova Solutions, powered by AWS, provides an operating model designed to accelerate your digital transformation and focus your resources on innovation and delivering business outcomes, regardless of where your organization is on its digital transformation journey.

## Value Proposition

We at Innova Solutions acknowledge that managing a complex cloud infrastructure can be challenging and time-consuming. That is why we offer a range of Managed Services to help you optimize, secure, and scale your AWS environment.

With our expert team of certified AWS professionals, we can help you with the following functions:

- **Provisioning & Onboarding:** Our team will collaborate with you to set up and configure your AWS infrastructure, ensuring it is optimized per your requirements. We will also offer onboarding assistance to ensure your team is hands-on with the AWS platform
- **Security & Compliance:** Security is our top priority, and we will work with you to ensure that your systems comply with all the necessary regulations and standards. We will also implement robust security measures to safeguard your data and systems from threats
- **Monitoring & Alerting:** Our team will continuously monitor your systems to identify and alert you of potential problems. We will collaborate with you to resolve these issues quickly and as efficiently as possible to minimize downtime
- **Insights & Cost Optimization:** Our experts will offer valuable insights on optimizing your AWS usage to reduce costs and improve efficiency. We will also provide regular reports on your AWS usage to help you make informed infrastructure decisions
- **Patch & Backup:** We will manage all the necessary patches and updates to keep your systems running smoothly and implement robust backup protocols to ensure your data is always protected
- **Change Management:** Our team will collaborate with you to develop and implement a change management process to ensure that infrastructural changes are appropriately planned and executed to minimize disruption
- **Incident Management:** In the event of an incident, our team will work quickly to resolve the issue and minimize any downtime. We will also provide regular updates to inform you of the resolution's progress
- **Service Integration:** Our team has extensive experience integrating AWS services with other technologies. We will collaborate with you to ensure that your systems are seamlessly integrated and operate smoothly

# Key Benefits

**Security**  
100+ security and operational guard rails and compliance checks

**Compliance**  
100% patch compliant

**Incident detection**  
Over 70% of incidents proactively detected

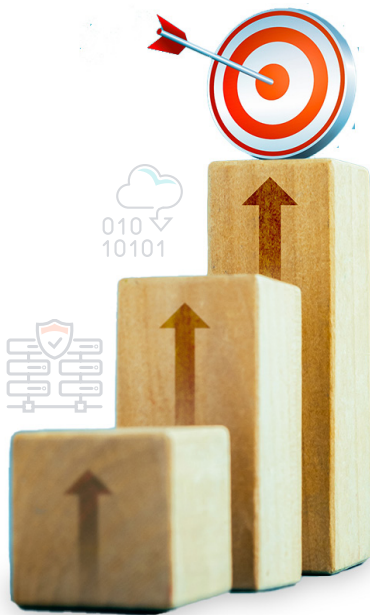

**Cost optimization**  
On average 25% operational and AWS cost savings

**Automation**  
88% self-service automation

**Deep AWS integration**  
Operated by the experts who built AWS

## Why Choose Innova Solutions?

### Proven Expertise

We proudly hold the AWS MSP designation for the fifth consecutive year in a row, demonstrating the consistency of our commitment to excellence in AWS managed services.

### Extensive AWS capabilities

Our strong AWS capabilities include a wide spectrum of services such as Migration, IoT, Data and Analytics, Security, and App Modernization. This breadth of expertise allows us to address diverse client needs effectively.

### 24/7 Support

Our round-the-clock support ensures that our clients receive assistance and monitoring at any time. This commitment to availability helps maintain the overall health and performance of AWS environments.
